

Finn the Human

Synopsis

Finn and Jake chase the Lich through a dimensional portal where they meet Prismo, who tells them that the Lich wished for the extinction of all life. This leads Finn to wish that the Lich "never even ever existed."^[2] and the creation of the Farmworld reality.

Plot

After being pulled into the portal, Finn and Jake follow the Lich into Prismo's Time Room. They arrive just in time to see the Lich vanish after making his wish which was the extinction of all life. After a short conversation with Prismo, Finn wishes that the Lich had never existed and is promptly transported into the reality created by his wish.

After being called in by his mother, who is holding a baby, Farmworld Finn is told to go into town and sell their mule Bartram. Farmworld Finn protests, but his mother insists. He follows her gaze out the window to see his father being pushed around by members of the "Destiny Gang." He is seen next talking to Bartram trying to comfort himself, when he notices the mule is missing. He wanders a little ways to find Bartram in a tree. While going to get him down, he falls into a hole covered by underbrush and Farmworld Jake follows him. Farmworld Finn looks up to see the skeleton of Simon Petrikov with the crown under a frozen bomb.

When he sees the Ice King's crown, he thinks to sell it instead of Bartram and goes to retrieve it. As he nears it, the decrepit Farmworld Marceline jumps out from behind the bomb with a gun. She tells him to back off and that he cannot have the crown. She then tells him of how Simon died when the great mushroom bomb was deployed. He used his ice magic to freeze the bomb, but was crushed in the process. The crown, stricken with grief over the death of its master, then unleashed its power and froze the entire earth for 400 years. For 600 years, an aged and decrepit Farmworld Marceline has been guarding the crown to ensure it never harmed anyone again.

After she finishes her story, Finn merely tells her that "none of that is true" and that "magic is fake." He tells her that she lost it while living in the cave and proceeds towards the crown. Farmworld Marceline then fires the gun, but finds it is broken and does not harm Farmworld Finn. Farmworld Jake then distracts Farmworld Marceline while Finn grabs the crown. After Finn is gone, Marceline has an argument with the corpse of Simon (She tells herself the voice is not real: it is just in her head.) and she goes after the crown.

Now in the Junktown market, Farmworld Finn tries to sell the crown. A man says he will take it, but he has no money and offers to sing at Finn's house instead. Tromo, one of the destiny gang, takes the crown and gives it to Big Destiny, under the pretext that "property of old dead person go to Big Destiny" and refuses to give money to Finn. Finn realizes that the crown was not really his and moves on. Marceline, however, yells that the crown is hers and that she is half-demon. Destiny then tells Tromo to jack up Farmworld Marceline and Trami to take Bartram for dinner. Trami takes Bartram and runs up to their mansion with Destiny.

As Tromo is attacking Marceline, Farmworld Finn shoves his flute into his nose, and then Choose Bruce throws lettuce at him. Tromo then retreats into the mansion saying that Finn has made a big mistake. Farmworld Finn promises Farmworld Marceline that he will return the crown to her. Choose Bruce then gives Finn a sword for his mechanical arm to which Finn responds approvingly, stating that it "feels natural, like peeing outside."

He then runs up to the mansion and down the hall toward Bartram, but is tripped by Destiny. Farmworld Finn gets up and begins to sword fight with Destiny, but is knocked down. Finn demands his stuff back and Destiny gives it to him as his "last possession."

Destiny then shows Finn that he had his henchmen burn the market. Farmworld Finn grabs Bartram and the crown and runs into the market place. Choose Bruce is weeping and tells him to go save his family. On his way, he grabs Farmworld Marceline and pulls her up on Bartram. When he arrives at his house, the gang has already set it on fire (Destiny is somehow already there.) with his parents and infant brother trapped upstairs. Finn asks Marceline if the crown is magic and she tells him it is very dangerous magic. He then puts the crown on his head, and the power begins to flow through him.

Transcript

[Finn and Jake are pulled into the portal created by the Enchiridion. They hit a floating chunk of land and sit there for a second. Finn looks up to see the Lich bound from rock to rock towards the time room in the apparent center of this dimension.]

Finn: [gasps] He's heading for that cube. Come on, Jake.

Jake: Oh, yeah.

[The Lich enters the time room from a hole on the side. Finn and Jake bound to the time room and enter to find the Lich laughing next to Prismo. He then disappears.]

Finn: Whaaaat?!?! He's gone!

Jake: What?! What happened?!

Prismo: Hey, hey! Did you guys see that? You know that was a ghost wearing a dead guy? That might be the nastiest thing I've ever seen. Na-na-na-na-nasty! Nasty jazz! Nast-- [Almost like beat boxing]

Jake: Hey, hey! Easy, buddy! That's our friend Billy! He got possessed by the Lich! [Finn looks very sad and Jake puts an arm around him]

Prismo: Oh! Sorry, sorry! I didn't mean nothin' by it! I mean, I have a lot of nasty friends. My uncle is nasty. I'm basically honorary nasty.

Finn: [Jake stretches them down to the floor] Do you know where he went? We have to find our friend.

Prismo: Who knows?

Finn: [Depressed] Uh. Oh.

Prismo: Actually, it depends on the wish I granted him.

Finn: "Wish"? [Hastily]

Prismo: Yeah, he wished for the extinction of all life and I did it. I guess it changed his timeline or something?

Finn: WHAT?!?! OH GLOB!

Jake: Whoa, wait a minute. How can that be if I'm still here kickin' it with my main man, Finn?

Prismo: Oh, that's because you're safe in my time room until you make your wish.

Finn & Jake: [They pause to think] Ohhhh.

Jake: I wish that life wasn't anymore extinc—

Finn: [Finn pushes Jakes arm down] Whoa! Wait, Jake. Don't mess this up. Think about it: if we wish everything back to normal, the Lich could just jazz it up again.

Jake: Oh yeah. Jazz.

Finn: Hmmmm. [Thinking]

Jake: Hmmmm.

Finn: I got it! I wish... the Lich... never... even ever existed!

[Scene cuts to "Farmworld" — an alternate world where the Lich never existed. Farmworld Finn enters his farm house with Farmworld Jake]

Farmworld Finn: Mom? Mom, what's wrong?

Finn's mom: [Holding Finn's Baby Brother and looking concerned] Finn, I need you to do something for me. It's very important. [Jake barks] I need you to take the mule into town and sell him for as much as you can.

Farmworld Finn: What! Sell Bartram? [Bartram sits up in the bed in the corner] But, I love Bartram. What the heck, Mom!

Finn's Mother: Shhh! Finn please, just do as I say. [She looks out the window concerned]

Trami: [Muffled by the distance] Got it?

Farmworld Finn: [Looking out the window, Finn sees a group of "stylish" thugs harassing his dad] Dad?

Trami: I push you, you fall down. [Trami and another gang member table top him]

Farmworld Finn: The Destiny Gang?

Finn's Mother: Everything will be fine, Finn, I promise. Now just do as I say. [Walks away]

Farmworld Finn: [Finn is now outside near the fields sitting on a tree root] [sigh] I'm sorry, Bartram. I guess Dad must be in real trouble to be doin' this. But, I bet there's a lot o' fine folk lookin' to buy a good mule. Why, I bet I could even come visit sometimes. Won't that be swell, Bartram? [Looks around and sees that the mule is gone] Bartram? Dang it Bartram! Bar Bar! [Finn walks through some bushes to find Bartram in a dead tree] What the- Bar Bar, how'd ya get up there? [sigh] Whoa! [Finn falls through some bushes and into an underground cave. Jake follows. There is a frozen missile with a dead man under it] Jake, look! Golden crown! Unbelievable! We can sell it and keep Bartram! Bong, bong. [Finn reaches for the crown]

Farmworld Marceline: [She comes out from behind the missile and cocks her gun] Hold it right there!

Farmworld Finn: Who are you?!

Farmworld Marceline: I'm a thousand years old and this is my crown!

Farmworld Finn: Okay, okay! But, um, maybe I could just borrow it for a little while. [Finn reaches for the crown again]

Farmworld Marceline: Noooo! No! Noo! This crown is magic. Bad, terrible magic. Too dangerous for mortal fingsies like yours! [Marceline has a flashback of Simon walking onto a hill to watch a squad of bombers.] One thousand years ago, my beloved friend Simon Petrikov gave his life to save this foolish, unworthy planet from annihilation. [A scene shows a mushroom cloud amidst a decimated city and a gang of demons surrounding the Lich walking away from it] A frightful bomb was poised to bathe the land in mutagenic horror, [Farmworld Simon is shown directly below the bomb using his not yet complete powers to freeze the bomb in midair] but using his mastery of ice and snow, Simon froze the bomb in mid-flight only inches from the ground, where it remains to this very day. [We see Marceline in the cave again] Today, ever ripe and ready to blow. [We see Farmworld Simon being crushed by the bomb] But he alone was not saved. Trapped under the giant weight of the enormous bomb, poor Simon perished!

Farmworld Simon: [In the flash back] Little help?

Farmworld Marceline: [Farmworld Simon is seen dead and the crown is firing laser-like beams of energy] And the horrible crown, grieving its lost master, loosed a spasm of magic so wild and crazy the entire earth was buried in ice for four hundred boring years. [First we see a city being frozen almost instantaneously and then we see the earth covered in ice. The flashback ends.]

Farmworld Finn: Uhh, none o' that is true, 'cause magic is fake. Daddy says the false prophets of old used cheap parlor tricks to control the people. [Farmworld Jake is growling] And to get babes. Like 10 or 12 hot babes each.

Farmworld Marceline: No! Magic is real!

Farmworld Finn: Lady! You been down here too long! Why don't you, just let me- [Finn goes for the crown again]

Farmworld Marceline: Step off! Or I will use this!

Farmworld Finn: Lady! Quit it with that thing! [Finn reels back and Jake begins barking again]

Farmworld Marceline: I'm sorry. You must DIEEEE! [A laser beam is fired from the gun]

Farmworld Finn: WAAAAAAAAAAAAaaah... ooo... uuum... [The laser is ineffective and passes right through him]

Farmworld Marceline: Oh, man! This thing! Dang it! [She hits it]

Farmworld Finn: Go, Jake! [Jake jumps at her as a distraction while Finn grabs the crown]

Farmworld Marceline: Aaah! Go back to the underworld, ya beast. [She throws the gun weakly towards Jake]

Farmworld Finn: Sorry, gotta save my dad! [They exit the cave]

Farmworld Marceline: Destroy the world more like it! [huff] Dummy. I give up.

Farmworld Simon: The crown. Go get it.

Farmworld Marceline: I know you're not really talking to me. I'm not crazy!

Farmworld Simon: Get the crown! Go get it!

Farmworld Marceline: [huff]

Farmworld Simon: Get the crown, Marceline! Go get it!

Farmworld Marceline: I can't. My knees!

Farmworld Simon: Oh, that's really disappointing I must say. I'm just—uh, whatever, you're really letting me down right now.

Farmworld Marceline: Okay, alright. [farts]

Farmworld Finn: [Finn is auctioning off the crown at the Junktown market] Cool crown! Who wants a cool crown? I found it on a dead magician dude!

Guy #1: I'll take it!

Farmworld Finn: Awesome! How much cash ya got?

Guy #1: Ohhh, I'm poor. Uh, but what about I trade you for a personal concert at your house? I'll come over later and sing ya like, four songs. I mostly do covers, but I have originals too. Do you own any spoons?

Farmworld Finn: No.

Tromo: Let me see that! [He takes the crown]

Farmworld Finn: Hey!

Tromo: Heh!

Farmworld Finn: [gasp] [Finn has a flashback of the D gang harassing his dad] Wait, Destiny Gang. I gotta sell that to pay you guys!

Tromo: Trami, what you think? Is it my style?

Trami: Big Destiny will know. Yo, boss! [Trami throws the crown to Big D who is looking off the cliff]

Big Destiny: Snap! Huh? What is this? [He turns around] Are you tellin' me what to wear, Trami?

Trami: No, boss, you look good! [He is sweating]

Big Destiny: You think I should reinvent my style and put a stupid thing on my head?!

Trami: No, man! You tell us what to wear!

Big Destiny: Otherwise you would dress like an idiot! Bam! Crown shorts! [Big D puts the tip of the crown in his extremely short shorts]

Trami & Tromo: Amazing! [Everyone begins clapping.]

Big Destiny: Yeah-ha-ha!

Tromo: Clap harder, trash bag! [He pushes down an old man who begins silently crying and clapping faster]

Farmworld Finn: Okay, you guys. Gimme my money and leave my parents alone.

Tromo: Property of old dead person go to Big Destiny. [Tromo grabs an apple from a stand and takes a bite] One-arm needs to learn the rules, unless you want your butt handed to you.

Farmworld Finn: I guess it wasn't really mine.

Farmworld Marceline: [Tromo drops his apple] It's mine! I'm a demon... half-demon.

Big Destiny: Tromo! Jack up crazy lady! Trami! Take mule back to crib for din-din.

Farmworld Finn: Whaat! [Trami hits Finn in the face with his hammer knocking him off Bartram. He lifts up Bartram and takes him] Bar Bar!

Trami: Tough luck, One-arm! [He and Big D jump onto a ski-lift-like pully system up to their mansion]

Big Destiny: See you soon, bad-style Junktown! [Big D laughs evilly]

Farmworld Finn: Bar Bar. [Finn is about to cry]

Tromo: End of the road, bat lady! [He kicks over Farmworld Marceline]

Farmworld Marceline: Oh, my bones!

Tromo: Haha! Ah! [Finn sticks his flute up Tromo's nose and plays, inflating Tromo's eye] My eye! I will junk your face! What the! [Choose Bruce hits him in the head with a head of lettuce]

Choose Bruce: Destiny gang, get outta town! We're sick of bein' bullied around! [Everyone cheers]

Tromo: You make biiig mistake! Especially you, One-arm! [He backs up to the lift and leaves]

Farmworld Finn: My name is Finn Mertens! And tell big D I'm comin' for my stuff!

Tromo: Ohhh, you come n' try!

Farmworld Finn: Are you okay, lady?

Farmworld Marceline: You must promise to—promise to return the crown to its hide-hole.

Farmworld Finn: I promise.

Choose Bruce: You'll need this Finn if you want to win. [He shows Finn a sword attachment for his robotic arm]

Farmworld Finn: Choose Bruce, what is it?

Choose Bruce: It's a weapon for your arm. With this you will defend from harm. [He replaces his grabber arm with the sword arm]

Farmworld Finn: Feels natural. Like peeing outside. Sort of.

Choose Bruce: Best not to take the lift my friend, else the D gang'll see ya comin' in!

Farmworld Finn: No. I want them to see me. I'm-a go up there AND SHOW THEM MY FACE! [Finn rides up the lift and kicks down the door and runs in] Yaaaaaaaaaaaa-huh? Hello? [He doesn't see

anyone, but hears Bartram bray] Bar Bar? I'm comin'! Bar bar! [He runs into the room, but Big D trips him on the way in] I want my stuff, ya big dump! [He charges Big D, but he is easily beaten]

Big Destiny: You want Big D's crown, huh?

Farmworld Finn: Yeah, and Bar Bar.

Big Destiny: Here ya go then. [Hands him the crown]

Farmworld Finn: Wha?

Big Destiny: That is your final possession, the last thing you will ever own.

Farmworld Finn: What do you...mean? [He walks over to the window with Big D]

Big Destiny: Look down there, stupid.

Farmworld Finn: [gasp] [The town is on fire]

Big Destiny: Town is on fire! See? I made it on fire! Fix up Junktown! Look at old man cry! [laughs] That's what happens when you mess with Big D! You get crushed! Your family get crushed! Booya! [We see the Destiny gang throwing torches everywhere and Choose Bruce crying]

Farmworld Finn: Suck my shirt! [Finn, throwing off his sword, slides down the lift with Bartram and rides up to Choose Bruce] Choose Bruce!

Choose Bruce: All my stuff is gone! Now they're goin' after your home! [He is crying still]

Farmworld Finn: Bar Bar, come on!

Choose Bruce: Hurry, Finn! You can win! [Still crying]

Farmworld Marceline: Finn! Return the—whoa! [While continuing to ride Bartram, he lifts her on]

Farmworld Finn: I will, but we gotta stop the Destiny gang first. Come on Jake! Good boy! [Jake is trialing them]

Destiny Gang: Destiny! Destiny! Destiny! [Finn's house is on fire and the D gang are chanting]

Farmworld Finn: Noooo!

Big Destiny: Yeah! How did I even get here, son?!

Finn's Mother: Nooo! [Finn's family are up stairs, trapped in the fire]

Finn's Father: Fiiinn!

Farmworld Finn: Mom! Dad! [He reaches into his pack and pulls out the crown] You said this thing is magic?

Farmworld Marceline: Yes. Powerful and dangerous.

Farmworld Finn: But you lost your mind in a cave.

Farmworld Marceline: Whatever. You just gotta believe me, okay? For serious, ya donk.

Big Destiny: I am Big D! Wooooo!

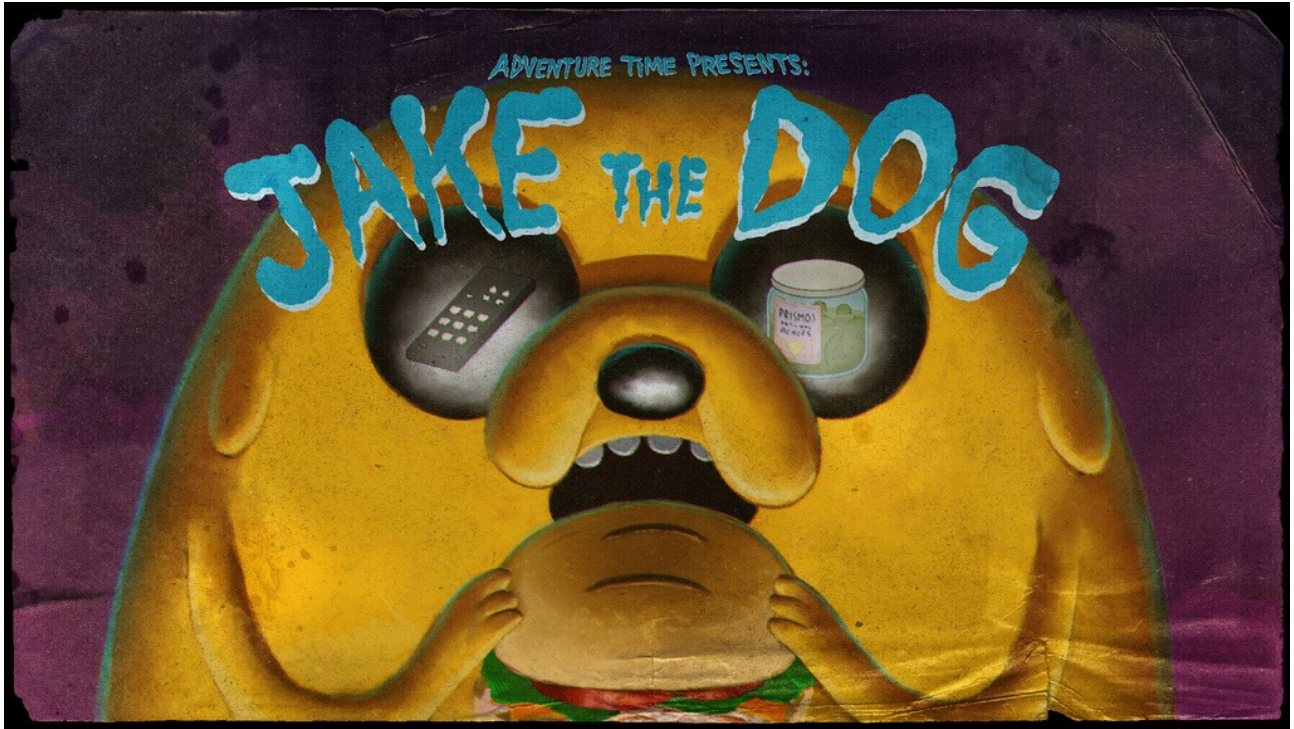

Farmworld Finn: I believe you.

Farmworld Marceline: You do? [He puts on the crown and begins yelling in shock] Wait! Noooooo! Dang it!

Farmworld Finn: Aaaaaah!!

[The episode ends.]

Jake the Dog

Synopsis

Jake continues to watch the consequences of Finn's wish within the Time Room with Prismo. As the situation gets worse in the world of Finn's wish, Prismo tries to help Jake make the right wish to save both Finn and the entire world.

Plot

Following Finn the Human, Farmworld Finn puts on the crown and becomes corrupted by its power, going mad. He attacks the Destiny Gang and puts out the fires, but his uncontrolled power causes the mushroom bomb to explode, destroying the surrounding area. Farmworld Finn manages to save his mother, father, baby brother, and mule; however, realizing how dangerous he has become, he sends them far away to safety and lies alone in the smoldering wasteland.

In the Time Room, Prismo reveals to Jake that Finn has been transported to a separate, altered world based on his wish that The Lich never existed. Together, they watch the events in Finn's world on Prismo's television, and Prismo asks Jake what he would like to wish for. Jake wishes for a sandwich, but Prismo urges him to use his wish on something important, such as helping Finn. Prismo goes so far as to simply make Jake a sandwich and give him a jar of pickles so as to not waste his wish. However, Jake is nonchalant and states that he thinks Finn will be fine and that they should just see how things carry out. Instead, he and Prismo mute the television screen and spend their time hanging out in the Time Room, talking about relationships and why Prismo chooses to be single. They are joined by the Cosmic Owl who also hangs out with the two of them in Prismo's jacuzzi.

Meanwhile, Farmworld Finn's deepening madness is halted when he hears Farmworld Jake barking. He runs to the center of the blast from the mushroom bomb where he finds Farmworld

Jake half-submerged in a pit of goo. He tries to rescue Farmworld Jake, but he finds a skeletonized Farmworld Marceline holding onto him from inside the pit. As he is trying to pull Farmworld Jake out of the goo, Farmworld Marceline says that she told him this would happen. In desperation, Farmworld Finn kicks her away in order to rescue Farmworld Jake, and she dissolves into the goo. Grotesquely transformed by the goo's power, Farmworld Jake begins to advance on Finn and gnaws on his robotic arm. Finn then tries to share the "secrets of ice and snow with thee" and repeatedly screams "The power of frost!" until the scene zooms back into Prismo's cube.

Prismo, Jake, and Cosmic Owl are rapping in the jacuzzi. While doing so, the Cosmic Owl eats some chips from a little pool floaty that looks like a mini island. Upon unintentionally moving the floaty away, he tries to grab another chip and accidentally unmutes the television which disrupts Jake's and Prismo's rap. Jake hears Finn's plea to Farmworld Jake to back off his crown as Farmworld Jake changes into a giant Lich-like monster. He tries to grab Finn, but the corrupted human violently unleashes his ice powers at the Lich-like monster which destroys the TV signal. Alarmed, Jake finally listens to Prismo's advice to use his wish to save them. Jake wishes that Finn will be safe, but Prismo stops him, stating that because he likes Jake, he will reveal that according to the rules, the wishes he grants always come with ironic consequences: being unspecific could make a well-intentioned wish turn out terribly. He explains that the trick is to be very specific about all parameters of the wish to ensure that it makes the desired outcome. He says (for an example) if Jake wished for a back rub, the person doing it could be undesirable (Prismo suggests "dirty men"), terrible at it (Prismo suggests a bear), or transported away from their family in order to perform it. Prismo explains further that wishing something to be also affects elements both before and after it: memories could be erased, babies could be unborn, and potential worlds could be evaporated all because of a wish.

Jake, realizing the gravity of his situation, vomits and starts to crumple under the pressure, so Prismo directly instructs Jake into making the one wish that can fix everything and return him and Finn to Ooo: wishing to change the Lich's wish from the extinction of all life to wishing that Finn and Jake would be returned home to Ooo.

Prismo grants his wish and time is reversed. Jake and Finn then magically appear in the middle of a bounce off a rock to the cube to the moment the Lich makes his wish. He wishes instead that Jake and Finn were returned home, and is immediately shocked, as he knows this is not what he wished for. Prismo cuts him off and tells him that he already made his wish and everybody only gets one. Prismo then points out to the observing Jake that thus even the Lich's wish resulted in an unintended outcome for the Lich.

Finn and Jake return to Ooo moments after they entered the portal and Finn is terribly confused as to why the Lich wished them home, no longer having experienced the Farmworld from his own wish, but Jake is overjoyed, telling Finn and Princess Bubblegum that everything already happened and that he fixed it and saved them all. The jewels used to open the portal return to their respective crowns, including Hot Dog Princess, Embryo Princess, Lumpy Space Princess, and Ice King, who is "penguin shaming" Gunter to get him to reveal what he did with his jewels. Finally, Prismo sends Jake a jar of pickles with a note saying that anytime Jake wants to hang out, to give him a call. Jake then says he has to get Prismo a girlfriend.

Transcript

[Finn puts on crown and glows with power]

Finn: [Coughs and pushes Marceline off of Bartram with his robotic arm]

Marceline: I warned you, dingle.

Finn: I can hear the crown's promise of power. Invading my brain! [Coughs up snow slug and ascends] [Uses his ice powers to put out the fire and turns toward the Destiny Gang]. Destiny Gang! [Freezes them] Yay! [hurls jagged shaped ice at the rest]

Marceline: Careful there. Careful! Oh, dangit! [Runs towards the cave bushes with Jake] Oh, Simon [While inside cave staring at the bomb.] [Gasp] one more hit and that baby's gonna burst!

[Scene: outside, Finn continues to hurl ice]

Finn: Ice lightning!

[Scene: inside the cave the ice surround the bomb splits]

Marceline: Ah, dingle!

[The bomb has exploded, sending out green smoke and shrieking skulls. Finn turns towards it.]

Finn: What's happening?!! [Sees a frightened Bartram] Bar Bar! I'll save you [hugs him and puts up a ice shield that encases them both]

[Scene: the ice shield breaks apart. The scene goes back to the Time Room]

Jake: Finn? Finn?! Hey guy, where's my buddy?

Prismo: Oh, when he wished for the Lich to have never existed [sips mug, and lets it go, it floats upward.] Finn left my time room and entered his wish altered reality. We can watch him on my TV wall. [A remote materializes and Prismo pushes the ON button. The TV wall shows Finn with Bartram.]

[Scene: Farmworld]

Finn: Oooh...

Jake: Whoa. Alternate-wish-world-Finn is mad uglies! [Shift to Bartram] Hey, I'm mad uglies too!

Finn: [Still holding Bartram and hoisting himself up to look over the shield]

Jake: Everything looks nuts!

Prismo: Yes, sometimes a well intentioned wish can lead to... "nuts." But you know, you get a wish too.

Jake: [Excitedly] What?!

Prismo: Yup, totally. [Hits mute on the remote.] You can have anything you want.

Jake: I wish for- a sandwich!

Prismo: A sandwich, your gonna waste your one wish on a sandwich?! You don't want anything else?

Jake: Nah, sandwich is good, [Demonstrates the size with this hands.] maybe about... this big.... or this big. On ciabatta bread maybe... mmm I don't know, whatever you have is your choice.

Prismo: Dude, I'll just make you a sandwich! You should use your wish on something important.

Jake: [Silent]

Prismo: You know... on someone who might need it. [Hints with his eyes by looking at TV wall, Jake just stares blankly] I'm talking about him over there!

Jake: Oooh...

[Scene: Farmworld, Finn wipes away ash from a ice covered house, uses his metal arm to smash an opening. A view of his family members shows they are all safe.]

Mom: Oh! Finn? Huh?

[Scene: the green smoke and skulls continue to swirl above. The family steps out of the home.]

Mom: What, what on earth did this?

Finn: I did this.

Mom: No, that's not possible. I raised you better than that!

Finn: It's true...[Begins to laugh then cackle]

Mom: [Gasps loudly and hugs the baby.]

Finn: I put out there fire... but I... also made the bomb go off. Urgh! The crown it compels me to- ice up everything!

[A lighting bolt hits the ground frightening everyone, with Bartram rearing.]

Finn: [Laughs manically and stops once he hears the cries of his sibling.] Urghah! I'm sorry mom, dad, little sibling. [Sighs] [He walks over to his family and picks them up to place them on Bartram]. I'm too dangerous... to be around.

Mom: What are you doing?

Finn: Take them... far away Bar Bar. [Smacks Bartram's hindquarters.] Leave me! Leave me...

[Scene: Time Room, with TV wall still on mute.]

Prismo: Looks like your friend is having a pretty rough time.

Jake: [Holding a sandwich and chewing a bit of it in his mouth.] Mmm, yeah, ah well, it's Finn's wish. Let's just see how it plays out. I got confidence in my boy! [Shifts backside into a chair structure and sits.] Besides, I'll hang onto my wish in case i need it. [Takes a bite of the sandwich and the pickle falls out onto the floor.] Awww!

Prismo: Don't worry dude I gotcha covered! [Materializes a jar of pickles.] They're homemade.

Jake: I love you Prismo.

Prismo: Oh yee!! [Laughs and blushes.]

Jake: [Shifts back to normal to grab jar.] I'm serious man, you're like a strong number three on my 'Cool Guys List.' Ah man, my dad use to make pickles [Opens jar and takes one out], it's all he use to talk about, he'd obsess about them all the time, when I'd come in from playing he'd be like: "Here, Jake, try these!" [Bits pickle, continues with his mouth full.] And they'd be pretty crunchy... actually you'd think they'd be soft but they weren't. I'd be like: "Wow dad! You'd made these pretty good!" [Stuffs last bit of pickle in mouth.] Yeah, that was dad.

Prismo: [Nodding]

[Scene: Farmworld, Finn finds a frozen Destiny Gang members and breaks them out of the ice.]

Finn: Rise... my wintry warriors...

Trami: Tromo!

Tromo: Trami! Why am I cold and confused?!

Finn: Fear not, icicle child! For I have brought you into a new life!

Tromo: Eeh? The Mertens kid?

Finn: The age of ice and whispering snow! [Frees Tromo, who runs to free Trami.]

Trami: Hey, crack me loose T!

Tromo: Come on!

Trami: You see Big Destiny anywhere?

Big Destiny: Big D's chillin' over here, wasteland style.

[Both Destiny members try to free Big Destiny.]

Finn: Come back! Only I can protect ya'll. [Touches ground to freeze gang.] Stay...

Trami: Aaa! My kicks!

Finn: Can't you hear the- the whispers?

Tromo: Forget Big D! Let's go!

Big Destiny: I've taught you well, my traitorous gang.

Finn: [Crawls on top of Big Destiny's back.] The voices... they tell me to freeze the world.

Big Destiny: Get off of me, you weirdo!

Finn: I am the end and the beginning. I am the hand of madness. [Hears barking and turns in direction.] Jake?

[Scene: Time Room, Prismo and Jake are sitting in a hot tub next to the TV wall, still muted, and Jake continues to eat his sandwich.]

Prismo: Dude, I get out of relationships because I don't want to have a discussion about what we're gonna have for dinner every night! Cause when I'm alone I can just sit on the couch and I'm hungry I can eat whatever I want. It's not like: [High pitched voice] "What should we eat for breakfast? Wait! We should coordinate!" [Normal voice] That's a pain.

Jake: [Eating sandwich, talking with full mouth.] Mm-mm, man your view of relationships is very bleak, don't you get lonely?

Prismo: I have friends.

Cosmic Owl: [Enters doorway] Hello, hello. Hey, so I brought over the- [Gasp, as he sees Prismo and Jake in the hot tub.] What is this singular doing in this realm?!

Prismo: He's just here making a wish Cosmic Owl.

Cosmic Owl: But I brought games! We were gonna hang!

Prismo: ...after. Come on, get in here.

Cosmic Owl: Okay. [Puts down games and flies to the hot tub.]

[Scene: Farmworld, Finn spots Jake half in and half out of a pool of green liquid.]

Finn: Jake? Jake! [Pulls the dog out. But a pair of arms are grabbing his waist. They turn out to be Marceline's who is now a skeleton.]

Marceline: I warned you... you butt...

Finn: Raah! [Kicks Marcline's skull.] [Pants heavily.]

Jake: [Now conscious and ferociously biting Finn's metal arm.]

Finn: [Voice altered] Don't worry Jake, I'll share the secrets of ice and snow with thee. Heh heh, the power of frost! Power of frost! The power of fros-

[Scene: Time Room, all three in the hot tub, TV wall still muted.]

Jake: Three, two, one... go!

[Prismo begins beat boxing. Cosmic Owl eats a chip.]

Jake: We're three nice dudes, havin' fun! We got warm bubble water, on our buns! I love this spa, and that's a fact! But if I stay too long, I get a pruny back! [Begins beat boxing as well.]

[Cosmic Owl drums in time. Reaches for another chip and hits the remote's mute button, causing it to 'unmute' the TV wall.]

Finn: Jake... Jake, what are you doing?

Lich/Jake: [Possessed, crawls towards Finn.]

Finn: Back off my crown, Jake! I warn you!

Jake: Hey man, I'm right here! That's not me man!

Lich/Jake: [Grows into a large threatening form.] Ah ha ha ha ha!

Finn: [Flies up and blast him with ice. This causes the screen to go static.]

Jake: Finn! I'm in the spa bath! Oh man!

Prismo: Maybe now, you would like to use your wish?

Jake: [Panics and inflates his head] Make Finn okay! I wish for a safe Finn! [cite]

Prismo: Wait, dude! Look, I like you, so you should know my wishes always got an ironic twist to them. It's like a monkey's paw kind of thing.

Jake: [Shrinks back to normal] What?

Prismo: You just gotta be really specific. Say your wish is: "I wish for a back rub". Who's gonna give it to you? A dirty man? A bear? And where does this "masseuse" come from? Do I zap some guy away from his family dinner? Leave some kid traumatized?

Cosmic Owl: Woo!

Prismo: [Nasal voice] Mom, where did dad go? [High pitched voice] Oh, I don't know son he just disappeared from the table... sorry.

Jake: [Looks shocked.]

Prismo: You see, Jake there are rules to this stuff, wishing an event to be changes elements before and after it. Memories will be destroyed, babies will not be born. Potential worlds could be evaporated by your wish!

Jake: [Vomits.]

Prismo & Cosmic Owl: [Exits the hot tub.] Ewww! Uugh!

Jake: [Exits the tub.] I'm sorry, that's a lot of pressure man...

Prismo: Focus, Jake! [Materializes hard boiled egg.] Here, eat this egg, it's brain food.

Jake: [Eats egg and picks himself up.] Oh, okay. Ooo, think... think!

Prismo: [Sighs] Okay, there is a way to bring back all life and get home.

Jake: [Stares at Prismo with surprise.]

Prismo: You just have to ch...

Jake: Chaa...

Prismo & Jake: Chaaange...

Prismo: The Lii-

Jake: The lipstick!

Prismo: The Liiich's...

Jake: The Lich's...

Prismo & Jake: Ooowiii....sssh...ish

Jake: [Gasps] Change the Lich's wish!

Prismo: And go home.

Jake: And go home! Okay, okay, I wish Lich's wish- was for me.

Prismo: Aa-ah!

Jake: And Finn, to go back home to Ooo!

Prismo: I can work with that. Alright, this has been nice, see ya! [Granting the wish, Jake disappears from the room.]

Cosmic Owl: Woo! [Waves goodbye.]

[Scene: outside the Time Room, Jake holding onto Finn bounces on a floating rock and enters the door way. They stare into the room to see Prismo and the Lich, the Lich chuckles as he's about the wish for his wish.]

Lich: I wish- for the extinction of all [head starts shaking rapidly] li-i-if for Finn and Jake to go back home to Ooo. Huh!? No wait, what's not what I wished for!

Prismo: Sorry guy, you only get one wish. Hey Jake, did you see that? Monkey's paw.

[Scene: Finn and Jake reappear back in Ooo in front of the Candy Kingdom. Princess Bubblegum rushes towards them.]

Finn: Jake! What the? Why would the Lich wish... what? Jake?!

Jake: [Getting teary eyed.] It worked!

Finn: [Getting hugged by Jake.] Jake! This is serious! Something really messed up is happening!

Jake: Ha ha! It already happened! And it never happened!

Princess Bubblegum: What? What happened?!

Jake: Nothing, cause I saved everybody!

[Suddenly the gems of power float into the air and scatter back to their owner's crowns as they lay sleep.]

[Scene: the Ice Kingdom with the Ice King scolding Gunter who is wearing a sign: "I Steal Jewels."]

Ice King: Oh Honey, I told you, you can take the sign off when you tell me where you hid daddy's crown jewels.

Gunter: Wenk!

Ice King: Gunter! Huh? [Sees jewels flying through the window, the force is enough to knock him off his throne.] Woo wowsers!

[Scene: in front of the Candy Kingdom a jar of pickles materializes.]

Finn: What's that?

[Finn and Jake quickly walk over to the jar.]

Jake: [Picks up jar and reads a small note.] Hmm...

Prismo: [Voice over] If you want to come back and hang out some time. Call me - P.[The letter P glows pink]

Jake: I gotta get that guy a girlfriend.
